SUMMARY OF THE INDUSTRY

India’s gold and diamond trade contributes about 7% to the country’s Gross Domestic Product (GDP), with the Gems & Jewellery sector employing nearly five million people. Recognising its immense potential for growth and value addition, the Government has identified the sector as a focus area for export promotion. To strengthen ‘Brand India’ in the global market, several initiatives have been introduced, including measures to promote investment, upgrade technology, and enhance skills. The Government has also permitted 100% FDI in the sector under the automatic route, allowing foreign investors and Indian companies to invest without prior approvals. Further, the India-United Kingdom (UK) Comprehensive Economic and Trade Agreement (CETA), signed in July 2025, has eliminated import duties of 2.5-4% on plain gold and diamond jewellery, giving Indian exporters a competitive edge and expected to more than double India’s Gems & Jewellery exports to the UK to Rs. 21,183 crore (US\$ 2.5 billion) by 2027.
